

*Project Proposal Approval Process*

The student director will forward the project proposal and feedback form to the appropriate department chair within two academic calendar days. The department chair will then have 7 academic calendar days in which to fill out and return the feedback form. The Leaders Committee will then act to recommend or not recommend the proposal at the first regularly schedule meeting (no more than 2 weeks). The Executive Committee will then act to approve the project proposal or request revisions to it. A decision on every proposal will be made within 30 days.
